

SAYED ESSAM SAYED

SENIOR DATA ANALYST | DATA SOLUTION ARCHITECT

• Giza-Egypt | Sayedessamsayed@gmail.com | Phone: +20111655799

SUMMARY

Highly skilled Senior Data Analyst with a proven track record of transforming complex data into actionable insights. Possessing a strong foundation in accounting and deep expertise in data analysis, I excel in leveraging Python, SQL, and the Microsoft Power Platform to drive business growth. Proven ability to lead data projects, mentor team members, and deliver impactful solutions.

PROFESSIONAL EXPERIENCE

Senior Data Analyst and Data Solution Architect, Schneider Electric May 2023 – Present

- Led the execution of automation systems, leveraging technical expertise to design, develop, and implement efficient and scalable end-to-end solutions in collaboration with teams across the US, MEA, and Europe.
- Designed and developed robust data analysis solutions, including data modeling, data cleansing, and data visualization, working closely with teams in the US, MEA, and Europe.
- Developed an automated “Customer Welcome Letter Solution”, reducing time consumption by 60% and increasing quality by 20%.
- Created a robust flow to manage the “Supplier Invoicing Process”, decreasing manual work and time consumption by 95% and enhancing quality by 30%.
- Implemented Inventory Proactive Analysis to predict material shortages before they occur, increasing supply chain process efficiency by 30%.
- Developed an end-to-end “Opportunity Management Application”, from database design to user interface and automated flows using Microsoft Apps integration, enhancing collaboration between Sales, Tendering, and Financial teams by 20%.
- Created a Data Management and Reporting System for the Factory, improving quality by 30% and reducing refresh time by 40%.
- Developed a Live Site Progress Report, aggregating data from various sites to provide real-time progress updates to top management.

DCC Program Contract Financial Analyst, Schneider Electric March 2022 – May 2023

- Developed an automated solution for creating Bills of Quantities (BoQ) in seconds from the final database and provided a detailed analysis from scope to item level.
- Created a reporting system to track invoiced items, remaining items, and items not started.
- Managed data flows to support cash flow and invoicing plan, ensuring timely and accurate payments.

Senior Documentation Manager, Schneider Electric March 2019 – May 2023

- Coordination with Document Controllers
- Sending approved documents to customer electronically.
- Managing the EDMS System workflows.
- Support PMs and TLs with reporting.

Engineering Drafter, Schneider Electric August 2017 – March 2019 Sales Auditor, AL-Amikan January 2017 – July 2017
